

40 Meters

WD4OAY - Chris Crestview, FL

KR4HMM - John - Middletown, VA

YUGE Net! Everyone was pretty readable here. Big welcome to John **KR4HMM** who lives near Front Royal, VA. He asks that you say a prayer for a former Chaplain/Priest who has been diagnosed with stage four cancer. Marty **KK4RF** expressed dismay and outrage that the Roman Catholic Governor of Massachusetts has approved of abortion in her state up to the moment of birth. Why is this not murder as we know it? I wonder why Archbishop of Boston remains silent! Mark - **AB2IW** checked in with his newly installed G5RV dipole. Bill **K3RMW** and his **Knights** are sending food all over the world! Nice signal here. We had Stephon **KD8OFK** but we lost him! Great to hear Joe **KC1WXS** again on the net. Tom - **W3TOM** said he recently had a chance to visit the church where he received his 1st Communion 60 years ago! Nice conditions this evening.
