Fairly good conditions. A few new friends and Fr. Phil said he will be as regular as he can. Funny how things go. I spoke to a special event station right before the net. W1P is about a soldier going to Auschwitz and escaping in 1943 and letting the world know what it was. Then the St. Max Net, then my quote from a Saint "Teresa of the cross" and it turns out she was incarcerated at Auschwitz. No thought on my part at all.
