Nice net this evening. We had 14 check-ins -Ron **K2MR** asked us to pray for the President. This week, he has had incoming from all sides both foreign and domestic. I think he's been extraordinarily patient while everyone else wants to run the country from their armchairs. Unfortunately, your net control station once again lost his Collins 32S-3 transmitter and a 1 KW amp in the middle of the net and had to switch to my standby rig which is only 100 watts. I have determined something very bad is occurring in my Collins 516F-1 power supply which is causing the high voltage to surge and thus blow the fuse. I hope I can fix this prior to next week. We had three new check ins - **KZ2O,** Fred -**N4RDU** - Andy and **KQ4ICK** - Garry.

Poor conditions but we did what we could do. N2JIE's wife Margie is having surgery Thursday so include her in your prayers. Ed is enjoying the new found Catholic life. He was impressed watching an Irish priest doing a Mass in Spanish.
