

SAINT MAXIMILIAN KOLBE NET SUNDAY 31 MAY 2026 Log

40 METER NET

K7PGD - Paul - NV (Via Phone Patch)

W1WH- Bill - MA

W3QD - Kevin - PA

KB9UAG - Sam - IN

K3QNT - Lloyd - PA

WB3CEH - Don - PA

KE8APO - Dave - OH

W3TOM - Tom MD

NR2Z - Dominick - OH

K2MR - Ron - NY

KG5UN/3 Ed - PA (Portable RV in Confluence, PA)

Simply stated, your friendly 40 meter net control was a **disaster** this week. It was bad enough that I had an S-9+ noise level preventing me from hearing almost everyone on the net, but when I put Paul **K7PGD** on my phone patch, it promptly blew the fuse in my Collins 516F-2 power supply. I thought I had this issue licked but apparently not. By the time I got my ALINCO standby transceiver on the air, I couldn't hear anyone through the noise! So as Frank Rizzo, former Mayor of Philadelphia liked to say when he had a set back, "Better days ahead!"

I was delighted to hear Ed **KG5UN/3** on the net this evening. He is a regular on our 20 meter net. I regret things weren't better for him on his maiden voyage on 7241! I will attempt to mitigate the chaos here and join you again next Sunday with less noise and who knows, maybe some functional gear! Many thanks to Kevin **W3QD**, **W3TOM** and **K3MR** for assisting me in my afternoon of tribulation.
LBR

=====
20 METER NET

- W3TOM - Tom - Maryland
- AE4YN - Boyd - Virginia
- K7PGD - Paul - Las Vegas
- W3KZX - Dan - Maryland - New General - Glad to find a group of Catholic guys.
- KD8OFK - Stephon - West Virginia
- N3CHE - Fr. Nick - Dallas TX - In and out prior to the net
- KQ4YOY - Brian - North Carolina
- NØVYU - Scott - Duluth MN

Typical net. Up and down. Good comments and good weather all around.

73's Scott NØVYU
