KB9UAG - Sam Vincennes, IN

As the time changed today, we did pretty well picking up several of us on our 2130Z time. Keep in mind, we remain on Zulu time all year. It makes it easier for those of us who are in Eastern, Central & Atlantic Time zones. Sam **KB9UAG** in Vincennes, IN had a nice signal this evening. He said he had a visit from his daughter. Sam lost his XYL a few years ago, so it's great when he has visitors. Ron **K2MR** reports he went to Mass at Our Lady of Fatima Church for All Saints Day. He also had a good time as his daughter, also a ham, joined him at a POTA expedition- Ron said it didn't last too long but they both had fun making some contacts. Paul **K7PGD** checked in with news that he was having a cold snap in Henderson , NV. Paul said that on his return road trip he and his XYL attended Mass in Amirillo, TX. Only 67 Deg F there! Dominick **NR2Z** visited Belmont Abby and prayed for the souls in purgatory. Dave **KE8APO** was playing with some new radio toys he acquired. See you next week at 2130Z.
