Over all conditions were not bad here in South Central PA. Bill **W1WH/M** is experimenting with several portable antennas operating from his mobile in Uxbridge. I suggested he may want to try an Inverted Vee in a tree near his driveway. I don't even know if Bill has a tree! Anyway he has enjoyed visits to a local Abby where he has hear Gregorian Chants. Mark **KC3BNV** is harvesting his vegetable garden with great success, Bill **K3RMW** reports the low 90s F. in NC. Ned **W2NED** suggesting we read "On the Roof Gang" of the U.S. Navy in WW-II - We have several "Gobs" on the net, so it should be of interest. Ron **K2MR** is recommending "Church Fathers of our Time." an APP from the St. Paul Center. Great to hear you all this evening.

Best band conditions in a long time and I had some local interference which doesn't happen often. (maybe my neighbor took up welding for a hobby) Anyhow we got around it and had a good net.
